

When can my child start at Tadpoles?

At Tadpoles we take children in from 2 years old! The managers daughter started the day after she was 2 and she has thrived through her time here!

Whether it may be work commitments for you, or socialisation needs for your children or getting them used to a routine away from you before they start school then as long as we have space at Tadpoles any time after your child is two years old, we will accept them at Tadpoles.

How to book a space at Tadpoles:

You can email us at [enquiries@tadpolescommunitypreschool.com](mailto:enquiries@tadpolescommunitypreschool.com) where we will be able to send you out a booking form for you to book in with us and as soon as it gets near to the start date the management team will contact you to book you and your child in for a stay and play. At the stay and play.

What Happens at the stay and play?

You and your child can come in and meet their new key person, second key person and other teachers and any new friends who are in on that day. They are able to look around the preschool classroom and garden and have a play whilst you fill out a registration form, funding form, all about me form and any other pieces of paperwork you may need to fill out on that day ready for them to start at Tadpoles. It is also a good chance for you to ask your key person any questions you may have.

If you feel that your child needs any extra settling in sessions, we will then schedule them in before their start date to ensure a smooth transition to their start at Tadpoles.
